Notes:

Registration Notes
* A maximum of 15 credit hours per semester is allowed unless approved by the MSSW Program Director and the Graduate School. * Six elective hours are required and can be taken after completing all generalist requirements. Electives are offered in the spring and summer. In addition, a required course from another concentration or graduate level course may be taken with permission. * Students enrolled in a graduate certificate program are required to take 3 or more electives depending on your certificate. * Dropped classes will likely impact graduation and financial aid eligibility. * Transfer and proficiency credits will most likely result in fewer credit hours in a semester, and this may impact financial aid eligibility. * The semester tuition cost is determined by the number of enrolled credit hours. For graduate students, tuition is capped at 9 credit hours each semester. * \$250 program fee per semester. ** \$250 field fee for each field class.
